

Rite-On® Markers

HellermannTyton's Rite-On® Markers are made from a flexible vinyl film and are used to mark wire and cable. The self-laminating labels have a clear tail which seals the legend under clear vinyl, maintaining the quality of the labels. The Rite-On® markers are packaged in a re-useable dispenser made from high impact plastic which is resistant to oils and grease.

Product Features

- Easily and conveniently fits in a pants or shirt pocket.
- Once loaded, unit allows minimal label exposure to dust and moisture.
- Can be used with standard ball point pens or HellermannTyton nylon marking pens.
- Excess liner is easily cut-off by tearing it over the edge guide at the front of the unit.
- The dispenser can be reloaded over and over again, making it a cost-effective and efficient method of labelling.

A special label window holds the label firm for easy marking.

Can be held easily in the palm of the hand to provide a flat writing surface.

Nylon Marking Pens

When used with a non-smear FTP nylon marking pen, marking is fast and economical.

Product Selection

Code	Type	Colour	Pkg. Qty.
T82-R	T82R-RD	Red	2 pens
T82-S	T82S-BK	Black	2 pens

Use Part No. for ordering and Type for specification purposes.

Label dispenses automatically when the liner is pulled from the front of the unit.

Self-Laminating Labels and Dispenser
