

Spirit® 2100 Portable Printing System

HellermannTyton's Spirit® 2100 portable printing system is easy to use and features "What You See Is What You Get" (WYSIWYG) label design and creation on a LCD screen that shows the outline of the label. Just type in the text (which is displayed on the screen), choose from several print sizes, and press the print button. It's that simple! The printer automatically detects the label and determines the proper size template for easy editing.

The Spirit 2100 provides fast, high quality, thermal transfer printing for permanent and highly legible label printing. The Spirit 2100 prints on many different types of label materials for wire, cable, and component marking. Self-laminating, white and metalised polyester, and tamper evident materials for calibration and security labelling are available for use with the Spirit system.

Label Loading

Each roll of labels is loaded onto a reusable spindle. No need to mechanically feed and align the labels.

Drop the label roll into the printer

Pull the labels over the top (like loading film into a camera)

Close the cover

Product Selection

Code	Type	Description	Pkg. Qty.
HT2100	HT2100	Portable Printing System includes: Spirit 2100 printer, HT2100 rechargeable battery and charger, ribbon cartridge, TAGH73-336, printer manual, CD-Rom tutorial, hard shell case, cleaning card, cleaning pen and Spiritlink computer interface software (interface software cable sold separately)	1

Spirit Ribbons

Product Selection

Code	Type	Description	Width (W) mm	Height (H) mm	Pkg. Qty.
HHIGR	HHIGR	Replacement ribbon cartridge	50.8	63.5	40 m
HHHST	HHHST	Ribbon cartridge	50.8	63.5	40 m
HHDTH	HHDTH	Replacement Durattach ribbon	50.8	63.5	40 m

Dimensions are approximate and subject to technical changes. Use **Code** for ordering and **Type** for specification purposes.

* HHIGR works on all materials

** HHDTH can only be used with label materials that have the DTH extension. This provides superior performance to most chemicals and solvents.
